Experience Storage room at my ex's house was weird. (self.Paranormal)

submitted 2 months ago by qvarcos

Hi, this is a pretty short read, I was at my ex gf's house which was her parents', was pretty newly built.

It had a storage room next to her bedroom upstairs, she said she is kinda afraid of looking in as it had a door with translucent window. I made nothing of it as I just thought she might have a vivid imagination or something, however I felt a weird vibe in it too, but the reindeer decorations just standing there didn't help much I guess.

There was an artificial xmas tree in it that's been standing there still for god knows how long, however one day we were chilling in the living room downstairs and we heard a LOUD noise from upstairs, of course the xmas tree just felt down on its own, no windows or door open so we excluded the possibility of air moving. I wonder if some object carried some kind of spirit, the room had everything in there.
