**Unexplained** Felt like I punched someone when I was putting on my clothes (self.Paranormal)

submitted 2 months ago by ncorey22

I woke up today and felt super chilly. I walked over to my hoodie I had laying on a chair I have in my room and proceeded to put it on. As I put my right arm all the way through the opening and out into the open air, it felt like I had punched someone. The door was closed and I wasn't even close to a wall or anything. It didn't feel like someone's skin or anything, just a feeling like a punched a presence of some sort. I'm 6'4 and my arm was diagonally going upward so whatever this presence was it was extremely tall. Maybe upwards of 7 feet? I don't even know if I touched the face or not cause as I said earlier I didn't feel any skin. It didn't seem evil at all but I can't remember anyone in my family that is deceased that is extremely tall or anything. I have no clue what it could've been or if anyone has had a similar experience. Sorry if I couldn't explain the way it felt better, it was super weird and never experienced anything like it.
