**Question** Should I try a Ouija board and any advice? (self.Paranormal)

submitted 2 months ago by waffen12

I'm not sure if this is allowed here if not I'll delete it but I've been thinking on this for a very long time. Would you recommend trying a Ouija board? I've heard a lot of horror stories about them and also a lot of just normal stuff, my auntie used one in my mum's room when they were younger and she says strange stuff use to happen after that, so the question being, is it safe? And do any of you recommend trying it? I'd probably do it alone since I don't know anyone who would do it with me

It's fine. I've done it a lot with no repercussions. But I will say I've had a hard time having them work doing it alone, I would have a friend do it with you.

No definitely don't. And especially if you plan on doing it alone. I have a bad experience from it and from friends so.... don't

Nah...Ive never heard of any positive experience with a Ouija board.

I forget who it was, but someone was comparing using Ouija boards and spirit boxes and said something like, "with a spirit box, the entity manipulates the radio frequencies to communicate.. but with a Ouija board, they manipulate YOU."

Made sense to me. I wasn't planning on using one before that, but definitely not after.

Be pretty stupid if you did. Do it

Always fun to see what you get. Hopefully not an evil and violent entity.

A ouija board is just a tool like anything else, and like any other tool you shouldn't fuck with it if you dont know what you're doing

Don't give in to the temptation. Ouiji boards are evil. You will regret it just like many of my friends have.

If you don't mind me asking, what happened to your friends after they used it?

At the time I was going to University and the girls in my dorm thought its be fun to play with one (I kept put of it because I don't deal with that stuff) but after very weird and violent stuff occurred. Doors slammed, girls were attacked by being pushed down stairs and some of them even got three huge gashes slashed into them during the night. It got so bad were had to call one of our religious professors to cleanse the dorm. It even affected me because I woke up with dark shadows surrounding my bed multiple times and me being unable to move. Scary things happen if you open a door crossing the living and the dead. You never know who will be coming to greet you. Please, just be careful and stay safe

I've never used one but I've watched a ton of horror movies. So I'd say yeah, go for it, usually everything works out fine.

All the things I've heard and read suggest that it's not a good idea to mess with Ouija boards. Apparently, they open doors but don't close them. And you never know what's going to walk through a door that's been left open. I'm not saying something horrible will happen, just that I wouldn't want to risk it.
