Unexplained Has anyone had a similar experience in San Jose? (self.Paranormal)
submitted 2 months ago by [Adventurous-Craft-94](#)

Does anyone have an idea on what I might have seen? This happened a few years ago when the whole Pokémon go hype was still out. I was in san Jose around holiday time and cousins thought that it would be fun to go "Pokémon go hunting at night". we decided to go around a few local parks, so we would drive there get out the car walk around. I still wasn't too old in my teens I'd say so going out late was new meaning that after a while of playing I got pretty tired. While finishing collecting pokestops at one of the parks and deciding to leave we got in the car and I really just remember being tired and sitting in the car and looking out on the middle if the neighborhood street the park was located and seeing a decently sized light orb? I got to look at it for a few seconds and it shot up into the sky or faded away I don't fully remember. So, you may be thinking "there were people with you". Yes, there were. so once I saw that and asked my cousins in the car, " Did anyone just see that", me thinking in disbelief at what I just saw and thinking that I was just very tired. To my surprise, only one of my cousins responded " you saw that too?" "some pixie type shit". This was the part that surprised me the most I wasn't the only person to see this so if anyone is from around the San Jose CA have you had any similar experiences??

You may have witnessed an earthlight. Check for seismic activity. Earth (quake) lights are sometimes witnessed before tremors.

I looked it up and all these lights seem to be in high in the sky, but the light that I saw seem to be right in front of me for a split second then disappear?

It's not unheard to see lights or silver orbs in geologically active areas. Think Mexico City, or Mt Shasta.

It's a poorly understood phenomenon, but if the sky lights up, seek shelter, a big earthquake is likely on the way.

You had me at San Jose. Actually seen a similar thing a few years back while I was driving home with my mom near the SJSU football stadium me and my mom both saw it and it disappeared in the blink of an eye. My mom being traditional Mexican was like "a witch!"
