## The Radio Story

(self.Paranormal)

submitted 2 months ago \* by [El\\_Pinche\\_Makas](#)

Hello All,

I've told this story to countless family members and friends but everyone just thinks I'm crazy. I wanted to take this to reddit and people from all over the world to see if anyone has experienced something similar.

I have 4 siblings, 3 brothers and 1 sister. We didn't have much growing up because of our family size and my dad being the only one working.

When I was a teenager I'd say around 15 or 16 I had one paranormal encounter that shook me to the core. One night, I was falling asleep, we had a radio/cd boom box that could be powered with the cord or batteries. I used to love listening to music at night, It helped me sleep. Anyway, I plugged in the radio and listened to music as always but waking up the next morning would change my life forever. I woke up in some sort of trance state to someone calling me "Ice Cream Man", It wasn't clear at first but it kept getting louder and eventually got my attention. While in this phase the voice got clearer and finally started talking to me directly. "Hi, Ice Cream Man", it said. "I want you to take care of yourself", it repeated again "I want you to take care of yourself because one day, we'll be back". Then BAM! I got out of this trance with my heart beating out of my chest. I checked the radio and it was unplugged by my older brother that night because it didn't let him sleep.

I always asked family and friends would this could possibly be and everyone always

laughed and called me crazy but it was something that you can't just make up.

A good point I would like to bring up is when my wife and I saw this documentary called "The Nightmare" its about people suffering from sleep paralysis. The very first scene was like watching my own story I just told except the person that experienced it had it happen thru a TV screen. I jumped up with goosebumps all over my body as I yelled "I'm not the only one!".

What do you think this could be? Guardian Angel? Ghost? Aliens? God?

What kind of radio station did you listen to? Jonathan Richman did a song called "Ice Cream Man" that college radio or some other sort of independent station would play.

IMHO, none of the above, especially not aliens. I don't know anything about sleep paralysis, but it seems to be a common thread in these posts. I would research it

with an open mind. And why the 'Ice Cream Man' references?

That same summer a very close friend and I sold Ice cream from an ice cream truck. I called myself "Ice Cream Man", my friend convinced me to carve the letters I.C.M. on my arm, being young and dumb i used dry ice to do it, it hurt like hell! It since faded away, I am 29yrs old now.
