Dream Weird recurring dream about an old haunted house

(self.Paranormal)

submitted 2 months ago by [creepycrawlers36](#)

For YEARS this dream has haunted me, I've been having it for years and years and I don't know what it means,

It just starts, no like recurring start it just...begins, last time a dreamt this I was alone but I've seen it with me being with my friends from elementary school, middle school, high school....yea

So we - or I - well we're walking and we turn down an alley, the buildings surrounding us are white and tall, I feel like this place is really familiar but I just can remember where it is, anyways I walk down the alley and turn down to a even smaller alley and walk till I come across some barbed wire fence - I always found it weird that, while I am at the fence that surrounds the house, I cant see it from there. So in one version of the dream there are some wooden boxes and we climb on them in order to jump the fence, in another version the barbed wired fence is cut and we have to crawl through it and finally I remember in another time the pavement was broken and we had to like slither under the fence.

So we're in the yard of the house, I still can't see the house but I remember a wooden deck, there's a hole into it, I jump down and fall to the basement, it's dark and full of dust, I have the feeling that something is watching me... Something is creeping up behind me... I can feel it's breath I begin to run aaaand I wake up, but the last time I dreamt this I remember there was a man, I was about to enter the house, for some reason through the roof this time - I remember going up some stairs outside of

the house that lead to the roof - he run out of the house and yelled at me to run to never EVER go in it again... I was terrified of this and hesitated to go inside I don't remember what I did then it's a blur but I remember running.

It's very weird a bizarre... I find it really weird that I can never see the house... Or at least remember it the area feels very familiar and I'm 40% that I know where it is. Please help me idk what it means and idk why I keep having it

Thanks in advance !

While I cant help, I also have reoccurring dreams about a haunted house. I think 4-5 times I've dreamt about this house. The last dream I had of it, it was renovated and painted but I knew it was the same house...not sure what that means
