## The Lady in White

(self.Paranormal)

submitted 2 months ago by LavenderLady28

I have plenty of experiences in my old home, but this is one that has still stuck out to me, throughout the years.

I was in middle school, probably 7th or 8th grade, and had just gotten home from school. We lived in a single-wide mobile home - when you walked in the front door, you were dumped into the living room with a hallway and some bedrooms on your right. To your left, was the kitchen and a hallway with the laundry room, bathroom, and my parents' bedroom at the end.

My dad kept the desktop computer on a desk next to a window in the living room, where you could look left and see straight down the hallway to his bedroom.

Anyway, I was home alone until my sister (who was in high school), returned home about an hour after me.

While sitting at the computer, scrolling through Facebook, I kept having this strong feeling that I was being watched from the hall on my left (towards my parent's room). Every minute or so, almost subconsciously, I would look down the hall, feeling SOMETHING'S eyes on me.

After about five minutes of repeating this, I told myself I would look once more, then stop because all I was doing was freaking myself out. So I do just that, except this time, I meet eyes with a woman standing at the edge of the kitchen and hallway. I completely froze. She was a partial apparition, mostly visible, but I could still see through her some. There was no color to her except white; her skin, eyes, hair,

clothing, etc. We stared at each other for what seemed like eternity, but realistically about 15-secs and then I noticed that she had another spirit with her. To this day it's still hard for me to remember what the other spirit was, but I know it was either a small child or a medium-sized dog - they just weren't my focus for some reason. The woman was.

I blinked back to the woman, but she was gone, along with the other spirit that was with her. I told myself I was more than likely just seeing things from making myself paranoid, but still to this day, it haunts me. I wasn't afraid of the spirits themselves, more so just in shock that I actually saw something when I wasn't expecting to. I never saw the Lady in white, or her sidekick, ever again. I wish I knew why she chose to show herself just that once.

Thank you for reading and if you'd like to hear more of my experiences from this house, let me know! I have plenty of weird experiences to speak on.

Man, I don't recall all the details but there's a story of a "white lady" in Philippine mythology...

Woah OP... I was reading this... i have a door behind me the opens onto the hallway of my apartment... just as i was getting to the end I "felt" a shadow pass behind me.. and my computer screen reflected something behind me... probably just a reaction to your story...
