Debunk This 6:11 and shoes. (self.Paranormal)
submitted 2 months ago by [thanksnowdie](#)

i'm not sure if this a coincidence but my alarm goes off at 6:25am to get ready for school but, for the last five days i have been waking up at 6:11am exactly. i'm not sure if it's anything paranormal but interesting things have been happening around my house for the past week as well. like cabinets opening and shoes moving, not anything very scary or worrying but still quite odd. i have been taking pictures of my shoes after i get home and when i go to put them on the next day. and one is always moved about 20cm.

if anyone could make sense of this i would like to hear it. please feel free to ask questions.

611 angel number meaning: Make the needed changes in your life in order to become your best version. Stop procrastinating. Could be the angel checking on you that moves your shoes.

As someone else mentioned the code 611 was a code for death I need to disagree. The number 611 is an angel number and means that you need to change something in your life I'm not an expert in this kind of topic but you could give it a try ;)

Your body doesnt like getting interrupted while sleeping. So it develops a rythm to wake up before anything interrupts ist. But waking up at exactly the same time is odd.

611 stands for or means DEATH OR DEAD.

25 is a quarter which means over and over again or repeatedly.

Maybe a demon can't understand how it is dead and roams.

Maybe a demon tries to mess with your bravery over and over as a test to dead you.

You can escape numbers, although. Just be patient, not scared and in control and in charge.

The more you aren't scared and want answers, the more answers you'll get.

I hope you get this reply 911!

Wake up slowly.

Could you please reference where this info comes from? Specifically 6:11 meaning "Death or Dead",and where the 25 info comes from?

Also, demons are intelligent immortal diabolical beings....they are not dead, nor do they not understand what they are.

Lastly, imho I do not think the OP is dealing with anything demonic, as there is no signs of the possible entity's behavior that is evil. I. Think OP may very well have a spirit/entity that is playful....not harmful.

There's no need to scare OP any more than she already is.

thank you for clearing that up, i don't believe i am dealing with a demonic entity but a play one. no fear has come from this at all as i have dealt with this in my old house (in which i lived with my mother and bother) and had similar sightings.

To further Kelli4JCs criticism of the number analysis; 25 is not a quarter in the context of time. 15 is.

Edit: my research indicates this post was troll-tastic. ☐

Do you live alone? Do you sleep walk? Do you have pets?

i live with my brother but he doesn't leave the house (he works from home, otherwise he takes the backdoor and i leave my shoes at the front) i do have pets but they stay outside). and i do not sleepwalk.

He may use the back door, doesn't mean he can't walk by and accidentally move your shoes though

I dont think this is anything other than your body clock being slightly off and waking earlier, maybe you're stressed about something causing this
