Weird (self.Paranormal)

submitted 2 months ago by Marisolfloresssss

Okay so long story bare with me ! So I was leaving my room and I opened my door and in the hallway I seen something running away from me (I only have a big dog and he wouldn't run away) at first I thought maybe it was a mouse but no way it was because it was like tall as a wiener dog but thic like a chinchilla. Like a small dog in a way. It was kinda like a shadow but I feel like I seen black and brown. It was sorta dark in the hallway but my light from in my room was kinda making the hallway not completely dark. My friend was in the room so they seen my genuine reaction of freaking out about it. I literally ran onto my bed and shut my door cause it genially felt real and I SEEN it run. So naturally my friend was like wtf what's wrong and I was I thought I seen something and they said no way you're lying and I was like no why ?? And they said whenever they went into my room (I was in the kitchen) they opened my door (was dark) they seen something (similar to what I seen) on the bed then ran off the bed and whenever he turned on the light it just disappeared. What could this be ??? Thank you

All you have to do is use the name of Jesus Christ and they'll back down.. I literally do this for all paranormal problems

Could be a raccoon from the description. They're smart and quick, so if one got in maybe it figured out a way to get out. I've never heard of animal ghosts, but who's to say?

Yeah I understand where you may get that from but it was more of my friend was staring right at it and soon as the lights turned on it was gone and when I seen it was literally right before my eyes and just went away. Oh and it had no tail ! From what I seen

That's crazy, hopefully it doesn't show up again. You could always look into local folklore too. Maybe it's a known thing in your area.
