Experience Disembodied Voice and a cute white bear

(self.Paranormal)

submitted 2 months ago by zombikitti81

My whole life has been filled with unexplainable and paranormal expirances but the latest in the long list un-nerved me a little.

(I'm on mobile so I apologise for any edits I may have to make)

7 years ago I moved into my little house and after living in so many "haunted" places the moment I stepped in I could feel how calm this house was, nothing "living" here with me other then my son, huge sigh of relief after the last place. (I will post that story later, Benny bully and Lilly)

A couple of years ago we had a friend living in our garage which has a thin wall between it and mine and my sons bedrooms. My partner bought me a cute white teddy bear to cuddle when I missed him as he lived about 2 hours away. This is where things start getting.... Weird.

I awoke one night to a distinctly male voice talking in my hall outside the bedrooms, I always kept the toilet light on as a night light for my son and it shines straight down the hall, I got up, no one there... No TV left on... Nada... OK must have been a dream. A few nights later it happened again, I couldn't make out what it was saying but it was definitely a man's voice, talking, not softly either. Again I put it down to a dream.

On a weekend I was staying at my partners my flatmate (garage mate lol) messaged and asked if I was home? No, why? Cause I swear I can hear someone talking inside..... I'm sorry, what? I asked him to please go in and check it out, he did and

told me nothing was left on, no-one here....
OK so I wasn't dreaming.

A few days later I woke to someone talking
at the end of my bed.... The end of my
f*cking bed. NOPE!

I couldn't work it out, how has this
happened? The house was clean, I'd even
done cleansings to ensure this fact but now
something was messing with me.... What's
new, what's changed? I was wracking my
dam brain. That f*cking bear... But it was
brand new it can't be it.

Thankfully a friend knows a wiccan who
owns a shop that could help. I told her
what's been happening and that the only
thing to come into my home was the dam
bear, she gave me a bag of herbs she mixed
on the spot told me to cleanse the house
and then the bear and do it twice.

So that's what I did... And it worked, 3
years later and no disembodied voices

Classic cursed teddy bear must have been super
creepy
