QuestionCan ghost unlock doors?

(self.Paranormal)  
submitted 2 months ago by [Pierrot-lover](#)

Hi, It's 2AM and I think I've just experienced something paranormal and I was wondering if it's possible for ghosts to open locked doors? I was brushing my teeth when the bathroom door opened gently and slowly, my dog started freaking out so I quickly slammed the door closed and tried to lock it but it was already locked. I've experienced creepy shit in this house before but never anything like this, Recently my stepmother tried to play a joke on me while bringing me home she took a shortcut through a graveyard when it was around nighttime and joked about bringing her ouija board to scare me a couple of days ago, yesterday she sent me a video of her security camera which shows an orb floating around. Months ago she sent me a picture of what looks like a figure standing behind her gate staring at her house in the same place the orb was, which is impossible since there isn't really an alley way behind her house. Sorry if I don't really make sense I'm freaking out.

I was wondering the same. My bf has been getting locked out of the house when he would take out the trash or just step outside. The deadbolt on the front door would be locked when he would try to go back in. On one occasion he was headed out of the door and heard the deadbolt turn only to find that it has locked. Also he would often hear a single knock on the wall in the empty room next to his and random things like pictures and decor have been falling off the walls....

Yes, ghosts can open locked doors. I locked a door once with a skeleton key and the ghost opened it!!!

If I was a ghost I'd just float through it...how hard working is this ghost?

But...all jokes aside, this is common in most folklore, and encounters but are you ever so sure that it's a ghost? sometimes it could be another supernatural creature

Sometimes they could. Though they have to be pretty powerful to do it. When I was a ghost in one experience I had that one of my guides gave me, I was able to get into a state where my ethereal body could interact with earthly elements, which is actually very rare for a ghost to do. It may also not be a ghost. It may be the Fae playing tricks on you (it is pranking season for them and they sure love it). Though to be cautious, just do as much as you can to protect yourself in all ways. There are many ways you can do that if you do your research on it. I wish you good luck! 🍀
