Experience Someone Joined me on this Couch

(self.Paranormal)

submitted 2 months ago by [Alternative-Answer33](#)

I was at my sisters appointment all alone since everyone had to go to work today, so I decided to chill on the couch watching YouTube videos until I hear one of the chair raise the feet resting up, and to tell you what kind of couch it was it was one of the couches that has the sensitive buttons in them and just suddenly it went off and I was literally frightened also this happened during the day, so I just kinda stand there and try to see if anything else happen and nothing else happen since then. May not be that creepy but that's the first paranormal thing I have ever experienced or if you guys could even call it a paranormal.
