Dream Uncannily precognitive Dream

(self.Paranormal)

submitted 2 months ago * by [LisaMcLaughlin83](#)

I recently took a 45 minute nap during my workday lunch. I dreamt that I was in the front yard of my childhood home. I saw several snakes, Orange/black colored, slithering through the yard.

I began chasing them, and woke up a short while afterwards. Before going back to teleworking, I checked my phone and received a text message from my sister. It was a video of my niece and nephew, on the ground pretending to be snakes for their virtual gym class. They were at my parents new house, which was built EXACTLY over the yard where I was randomly chasing snakes at in my dream, at the same that I was dreaming it.

I was absolutely clueless about the snake game they play for gym, and hadn't communicated with my sister for several days prior. This is one of numerous precognitive dreams and nightmares I've been having over the last year. Something is definitely amuck. Any thoughts about this?

I get dreams similar to this it's like dejavu or a premonition where I got to sleep and 1 of 3 things happen i either just go to sleep and it's just dark and that's the most common but also another thing that can happen is I have a "regular" dream you know the weird shit one time I was in a car dealership being surrounded by mummies that is the rarest thing but the thing I'm talking about is what happens when I get a premonition it's usually a few months to several years into the future and when it happens it's usually 10-15 seconds of things that happen and then I wake up and when I do I don't remember it no matter how hard I try to I know I had a dream I just don't remember what it was about and then I forget about it within a few minutes and then when the event happens in real life I suddenly remember it this happens quite often and I don't know if it's dejavu or what
